

Just the Facts, Please!! Fact Checkers Needed for Social Media Content

Project Title	Just the Facts, Please!! Fact Checkers Needed for Social Media Content
Project Summary	We would like your help to research and ensure the accuracy of our stories across all of our social platforms. We publish stories about our nation's Veterans, and we want to make sure ALL of the facts are correct before publishing.
Country	United States

Project Description

As a Fact Checking intern, you will collaborate with editors and writers to fact-check submitted information and provide additional context for print and web-based products including video and audio podcasts. You will also work with graphic designers to ensure their work is period correct, contains accurate information and is appropriate to communicate the information accurately. Additionally, you will check sources of images used in blog post graphics to ensure that they are applicable to the content and copyright free.

Our content is published across multiple social media channels with well over a million followers. Any piece of content we publish may be seen by tens of thousands of people. So, when we publish a story honoring a Veteran, we have to be very sure that we get all of the facts correct. If we do not get the facts correct, it is an embarrassment to our team; but, more importantly, it's a disservice to the Veteran. Your assistance will ensure that we give each Veteran the respect that they are due.
